

WELCOME BACK!

Ultimately, the goal of our organization is to provide a level of transparency and openness that allows guests and staff to make informed choices about returning to the theater while not promising anything that is beyond our control. To that end we have established guidelines for us to reopen with confidence:

- * You are required to wear a mask until you get inside the theater and are sitting 6 feet away from other patrons. (Except for your companions). We will have disposable masks for those who need one.
- * Physical distancing parameters will be provided in line at the box office, concession counter and at the theater entrances.
- * Our staff will be wearing masks and gloves to serve you in the safest way possible.
- * We will limit the number of people in the lobby to maintain proper social distance. We may ask you to wait in the auditorium until proper space is available.
- * Straws, salt, and other items formerly available as self-serve will be provided to you by the staff.
- * The Kenworthy has always done extra cleaning, but we will be cleaning and disinfecting restrooms, theater armrests, and other contact surfaces continuously throughout each day.
- * We request that you exit the theater when your movie is over and not congregate in the lobby.
- * Bathrooms are small so we will be allowing only one person at a time inside.

- * Disinfectant wipes/sanitizer available to guests at entry and touch points
- * We have consulted HVAC engineer to assess filter effectiveness and alter airflow patterns to turn over air more frequently.

We are sorry if these extra steps feel different from your usual experience at the Kenworthy Performing Arts Centre, but we are committed to keeping everyone safe. We count on each of you to partner with us in this.

For questions or concerns please reach out to the Executive Director, Christine, at 208-882-4127 or director@kenworthy.org
